Christal Dennis,

While it is difficult to understand the exact complaint made by Ms. Steil, Leonard for Minnesota was not required to report to the FEC until it raised or spent more than \$5000 in contributions or expenditures. We had not met that threshold in Q1 or Q2. Therefore, it was not required nor had an obligation to report the alleged debts as alleged in the letter's last paragraph.

As previously reported, we have disputed the amount claimed by the complainant and do not have contract or an agreement with Ms. Steil or btdbrand.

Please contact me if you understand there to be other issues not addressed.

Best regards,

John Leonard Mason

Dear Christal Dennis,

I believe John Leonard Mason left a voicemail regarding this matter. Our primary had finished on Aug. 14, and we did not receive your notification until after Sept. 10 deadline.

Could you clarify what the complaint is alleging? Without clarification, I am not sure we are able to respond.

Thanks,

Nick Leonard
